

Denish Rana

📞 +91 9724510845 • ✉ denishrana09@gmail.com

Currently in 4th year of B.Tech in Computer Engineering. I have good knowledge of Android Development, Web Development and Basic data structures and algorithms.

Personal Details

- **Date of Birth:** 26 september 1997
- **Language known:** English, Hindi and Gujarati.
- **Permanent address:** C-18, Shiv Krupa Society, Ambanagar, Near U.M. Road, Surat, Gujarat, India-395002.

Education

- **Dharmsinh Desai University, Nadiad**
B.Tech in Computer Engineering, CPI: 6.99/10 (Semester 1-6) *August 2015 - July 2019(Expected)*
- **Jeevanbharti M.V., Surat**
Higher Secondary Education(HSC), Percentage: 74.46% *June 2013 - April 2015*
- **Jeevanbharti M.V., Surat**
Secondary Education(SSC), Percentage: 85.83% *June 2012 - April 2013*

Experience

- **Zuru Tech, Ahmedabad | Summer 2018**
Backend Engineer Intern
Worked on project to help Interview process easy.
Mostly worked with Nodejs, Worked with google cloud storage api, calendar api and git.

Courses

- Computer Programming
- Web Development
- Data Structures and Algorithms
- Database Management Systems
- Software Engineering
- Operating Systems

Skills

- **Proficient in:** Java, Android Development, SQL, Object Oriented Programming, Git, Nodejs, Data Structures, Algorithms, Photoshop
- **Basic ability with:** C, PHP, C#, ASP.NET, MySQL, Oracle Database, Assembly.

Projects

- **Blood Bank Android App** | February - March 2018

Using Java, Firebase, Google MapsAPI

You have to register with your mobile number and blood group. whenever anyone wants help, he/she can search e.g.O+,AB+ and get the list of nearest persons in the result. you can make directly call the person from the result. App update users location every 1 km on real time database. App helps people in Emergency situations. [link](#)

- **College Festival Android App** | February 2018

Using JAVA

Android Application made for College Festival named Felicific. It shows day wise technical,cultural and central-tech activities of festival. it has very good UI (Material Design) and has low storage on mobile. [link](#)

- **Online Travel Management System** | September 2017

Using C#, ASP.NET

Project is aimed to provide efficient and reliable Travel Management System. You can see how much you spent last month,last week. It has good CSS.It uses hash function to store credentials.

Co-curricular activity

- Part time competitive programmer on Codechef.
- Made College Festival Android App (Felicific'18)
- Taken Part in SVNIT Hackathon
- Taken Part in Codechef ACM ICPC 2018
- Taken Part in Codechef Snackdown 2017
